take more orders

WORKS FROM ANYWHERE IN AND AROUND YOUR VENUE, OR FROM HOME!

E-MENU

Display your menu online. User can activate it by scanning QR codes, or from a page of your website. Lets customer browse and share your menu from their phones.

INTERACTIVE MENU

Allow customers to **place orders**, and notify your staff on your favourite messaging platform. Users can **call, message, access extra information, more menus and offers**.

WHATSAPP STORE

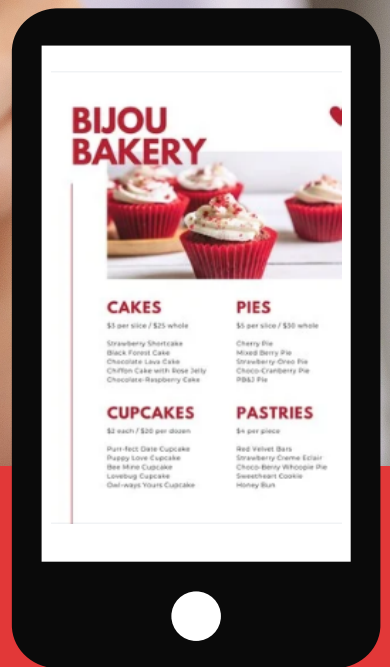

Customers can **browse menus and place orders on WhatsApp**. Does not support on-line payments, but the user experience is seamless with its shopping cart!

ONLINE STORE

Start selling and **get paid online** with our bespoke e-Commerce! Online store with **unlimited items** and collections. With **companion App to manage inventory, prices and discounts on the go**.
